QUARTERLY STORY HIGHLIGHTS

FPA Boosts Regulatory Capacity Through Industry Training and Digital Process Workshop

FPA strengthened regulatory capacity through two workshops for the third quarter of 2026. The Fertilizer Regulations Division trained local fertilizer manufacturers in Science City of Muñoz, Nueva Ecija, on preparing Certificates of Analysis (COA) and Safety Data Sheets (SDS) on June 16-17, 2026. FPA also partnered with FARM Philippines, signing a Statement of Cooperation and holding a three-day Business Process Modeling workshop on July 22-24 in Quezon City. The workshop streamlines FPA's regulatory service processes ahead of their move to digital platforms.

FPA Completes Internal and Surveillance Audits on the Road to ISO Recertification

FPA is strengthening its Quality Management System as it prepares for ISO 9001:2015 recertification. The Authority completed its 2026 Internal Quality Audit from June 29 to July 9, then underwent its second surveillance audit on August 13. Both audits support continuous improvement in the delivery of regulatory services to the agriculture sector.

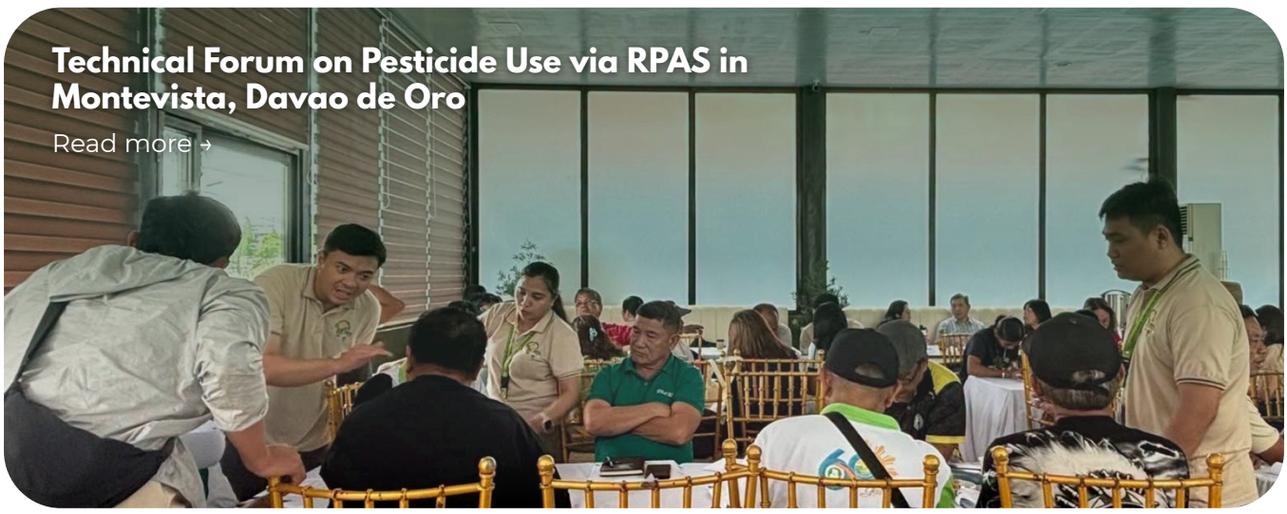
FPA Promotes Safe Drone Pesticide Application for Various Stakeholders in Davao Forum Series

The Pesticide Regulations Division (PRD), in collaboration with FPA Davao Region, held technical forums on the safe and judicious use of pesticides through Remotely Piloted Aircraft Systems (RPAS) or drones. Rice farmers took part on September 16, 2026, in Montevista, Davao de Oro, and banana growers on September 17 in Davao City. The forums promote safe, regulated pesticide application as drone use grows in Philippine farming.



FPA Information Caravans Reach Hundreds of Farmers in Luzon and Mindanao

FPA's information caravans in Camarines Sur, Albay, and South Cotabato reached hundreds of farmers, students, and stakeholders, promoting the safe and judicious use of fertilizers and pesticides, including through drone application.
